

Home Automation

FOR TODAY'S LIFESTYLE

16-Piece Super System

Enjoy a variety of remote controls from the tiny keychain remote you can keep in your pocket to the gorgeous Platinum 5-in-1 Entertainment remote that puts you in charge of your home theater as well as your X10 devices - all from one remote.

Also included are eight X10 modules to control four lamps, two appliances and two other lights from wall switches.

And for added convenience, two beautifully matched white HawkEye motion sensors give you motion-activated control from anywhere inside your home.
